Report on Entry Level Assessment of The Students

Teaching a student perfectly is only possible if you assess the student completely, Euphrasia Training college organizes several such programmes to assess the overall performance of the students every year. First of all, when the students come for admission the admission committee members **Interview** the students, then the institution conducts an **Aptitude test** to assess the teaching competency of the student teacher. The institution also organizes **Talents day** programmes to analyze the overall performance of the students in every field. The Institution also conducts **Morning Assembly** every day and here the students get an opportunity to reduce stage fear and express their talents in front of the public.
