The nature of mentoring efforts in the institution

Working in Team

The mentors and mentees of this college work here as a team to make each and every activity of our college successful. In each and every activity students get support from the teachers of this college. Experienced mentors can share their insights, and lessons learned with mentees, helping them gain a deeper understanding of their roles and the organization. It also fosters an inclusive, diverse and collaborative environment.

Aleena
Principal

College For Women

Dealing with student Diversity

Students studying in this college are coming from different geographical areas and background. They come together to do various tasks. They work as a team and conduct different programmes. With out cooperation and adjustment it is not possible to complete this course. Here the Institution works well to satisfy the diverse student needs.

Conduct of self with colleagues and authorities

Teaching is a profession that necessarily includes components like integrity, honesty, transparency, and respectfulness towards the job. Here all the teaching staff work as a team and perform their duties sincerely.

Principal
Sriphrasa Training College For Women

Yoga classes for balancing home and work stress

Yoga classes will be conducted every week at this college for the physical and mental development of the teachers and learners. The classes are handled by Physical Education Teacher Suresh sir.

Keeping oneself with colleagues and authorities

This institution organizes various workshops and seminars for the teachers and students. These kinds of workshops and seminars help them to enhance their knowledge and skills in the education field.
