3.1.4 Institution has created an ecosystem for innovation and other initiatives for creation and transfer of knowledge that include

## Puppetry

The institution organized a one day program on 18/08/2023 on Puppetry in Education. Krishnakumar A.K acted as the resource person for this session. Students got an opportunity to enact a puppet show based on their topics. Different types of puppets were created by them under the guidance of Krishnakumar sir. This program was an extreme benefit for the students. So we decided to arrange the same in the coming years

As a part of the B.Ed curriculum, an innovative program was organized and conducted in St. anne's high school, Edathiruthy, during the period of teaching practice in that school. Students performed the theme "world food day".

## Digital initiative

Euphrasia's well-equipped lab provides students with a seamless learning environment. Free Wi-Fi ensures students to complete assignments efficiently, while informative sessions by experts introduce them to the latest learning apps. The use of cutting-edge sense boards in all classrooms further enhances the learning experience by allowing students to deliver impactful presentations. ICT effectively used can foster deeper student engagement , promote collaboration and empower students to take an active role in their learning.
